Dear Burleigh,

E. H. Heywood designs leaving Worcester on Friday morning, 29th, by the N.Y. Express Train, reaching Springfield at about 11.30, when he will immediately look about for the first train to Northampton, which he means to take. I tell him there is a train (or was one, not long since,) leaving S. for N. at or soon after 12, enabling him to be at N. at 10'clk: — And I tell him that some Cumminston friend is to meet him at the depot in N. — that being your arrangement with me. I have, however, also said, that in case no Cumminston friend appears there, he had better take the Williamsburg stage on to W., which

will be so much on his way; Will
you see that he is met, at North
if possible, on Friday?

We hear good accounts from
Garrison at Rochester, and
that he is expecting to be with you
at Commington.

I receive nothing from you in
the shape of a Report.

Very truly Yours

Sam^l May Jr.
